INTRODUCTION

About us

ICT – Industrial Chemicals Trading is an exporter and importer of chemicals. Operating in the international market for almost 30 years, connecting origin and destination, offering innovative solutions to customers, opening markets for manufacturers and strengthening the ICT brand as a synonym for trust and quality.

In 1996 in China, with investors with extensive experience in the chemical products market, we began activities focusing on the local market, but as the company developed, our activities were quickly expanded to the international market.

After years of operation, we formed a platform of production, processing, warehousing and logistics. With our management team, technical personnel, complete industrial chain and rich network of relation resources ICT is committed to providing our customers with the best service.

OFFICES

The headquarter is in Shanghai, China. Now we have other 4 offices: São Paulo, Hong Kong, Mexico and Colombia.

Office in Brazil is located in the Morumbi region, the São Paulo office was reopened in 2023 to strengthen customer service, but also to reaffirm consolidation in Brazilian territory.
